

Cabin with high comfort  
- optimized view  
- noise-reducing design  
- orthopaedic seat

Crawler side frames with  
3 ft flat track pads

Carbody counterweight

Platforms

### High performance

A strong, efficient and reliable diesel engine of the newest generation provides high performance and enables several movements to be carried out simultaneously.

### Ground pressure

The actual ground pressure is calculated according to the configuration and position of the machine and displayed in the operator's cabin. Using the optional Liebherr Crane-Planner the actual ground pressure can already be calculated and displayed in the planning stage.

### Travelling with load

By preselecting one of the three travel speeds, the control automatically applies the permitted load curve.

Stage 1: up to 3.94 inch/s

Stage 2: up to 15.75 inch/s

Stage 3: more than 15.75 inch/s

### Cabin with high comfort

Optimised field of vision combined with enhanced comfort: an orthopaedic operator's seat with heating and cooling functions, as well as precise and ergonomic controls are included.

### Control

Easy and intuitive handling of control, service and machine functions through a large, clear colour monitor. Built for extreme environmental conditions.

### Barge operation

By preselecting the barge inclination the control automatically applies the permitted load curve.
